First ,register for your account(nickname),by `/msg nickserv register password Email`, then you should identify for your account,by`/msg nickserv identify password` ,and, finally

Try this `/stats p` to find an op online and require a private cloak by the-following-like:

[15:22] <mary> hi , could you please help me to cloak my account, there are always someone like to check my IP address , which is bad for my network security in my opinion

[15:23] <werdan7> I can give you a cloak, but it won't work while you're using a gateway

>you should register before ..<sup>1</sup>

[15:23] <mary> ok i see ,thank you for your reminding, i have registered with www@gmail.com<sup>2</sup>

[15:26] <werdan7> if you connect directly though, it will

[15:27] <mary> OK, got it ,thanks

[15:27] <werdan7> I can cloak you if you want

[15:27] <werdan7> just keepin mind it won't show up if you use webchat

[15:28] <mary>sure ,please ,i am awfully desire to have my account cloaked,

[15:29] <werdan7> ok, your account is cloaked

[15:29] <mary> o , thank you so much ,have a good day , C U <sup>3</sup>

[15:30] <werdan7> you're welcome,latter

@简单地记录过去, 等待未来的我去思考、沉浸 I love U @
